

## **Worthing Golf Club Product Launch**

Since 2017, Verde Sports has proudly partnered with Worthing Golf Club to enhance their bunkers with our high-performance Verde Bunker Liner. Working closely with George Barr, the club's Golf Course Manager, we've installed over 4,000 square meters of our innovative liner. We're excited to catch up with George at the 2025 BTME show, where he'll share why Verde Bunker Liner is a favourite at Worthing Golf Club and discuss his experiences as a Golf Course Manager. Worthing Golf Club is just one of many clubs that trust Verde Bunker Liner for its long-lasting and reliable performance. Want to learn more? Visit us at Stand 231 or get in touch today!
