

CUTTING EDGE PIONEERS

PRESS RELEASE

Reference: Hunter2024/03

Release Date: December 2024

Visit Hunter Grinders at BTME

Hunter Grinders, part of the Howardson Group, is excited to announce its presence at BTME 2025, where the cutting-edge Jupiter ATI 'All-in-One' Grinder will be on display at Stand 217.

The Jupiter ATI 6.0: Elevating Precision

The Jupiter ATI 6.0 is a fully automatic relief spin grinder designed to deliver unmatched accuracy and consistency. It features advanced automatic traverse, indexing, and in-feed systems, ensuring professional-grade grinding results every time.

Key Features of the Jupiter ATI 6.0

Fully Automatic Operation: Operates independently, boosting efficiency and freeing up time for other tasks.

Precision Engineering: Meets original manufacturer specifications for cylinders and bottom blades, ensuring a flawless finish.

Rock-Solid Accuracy: Built with a cast bed and heavy-duty linear bed rails, providing precision grinding.

Operator Safety: A liquid coolant system reduces airborne dust and heat, ensuring a comfortable and safe workspace.

Versatile Workshop Tool: Includes a 360-degree electric 200kg hoist for heavy lifting tasks.

Comprehensive Functionality: Grinds top and front faces of bottom blades, measures cylinder shaft data, and accommodates cylinders up to 1067mm (42").

Programmable Features: Fully programmable for both relief and spin grinding, with automatic wheel head docking and cycle countdown.

Durable Construction: Features a cast bed, liquid coolant system, 240-volt power supply, linear bed rails with self-adjusting bearings, and a soft-start spin grinding motor.

Visit Stand 217

At BTME 2025, the knowledgeable team will be on hand to provide a detailed insight into how the Jupiter ATI 6.0 can revolutionise your grinding operations.

For further information or a no obligation demonstration, please contact Hunter Grinders on 01332 824 777 or visit www.huntergrinders.com
